# Times Not Wasted

## Today Tomorrow Always

The Goldenrod Volume 76

Let's Imagine the people you see everyday. They are the people you would least expect to not see tomorrow. In a year college will come, and with it new friends and new experiences. The people you see everyday in the halls, your friends, some of them your best friends, will most likely disappear from your life each going in their owndirection. These are the people you have grown up with. There will come a time when many of them won't even cross your mind. Enjoy today and enjoy tomorrow, because these days come but once in our lives. Be thankful for what you have and most of all, for who you have in your life, because life's plans may take you away from these people. No matter what anyone says and no matter what time will do, your heart will always bring the best back, and your memories with them will forever hold a place in your heart.

**THE DREAM BEGINS** with a teacher who believes in you, who tugs and pushes and leads you to the next platue, sometimes poking you with a sharp stick called "truth." - *Dan Rather*

This quote is a perfect depiction of the faculty of Quincy High School. Each and every teacher helped us with our school work but also taught us the skills necessary to be great outside of school as well.

Thank you Quincy High School Faculty for all your help and knowledge along the way.

# ( UNDERCLASSMEN )

(FRESHMEN)

# CLASS OF 2012

**IT WAS FOUR YEARS AGO** when all of us stepped through the doors of Quincy High School for the first time. Some of us excited, some of us scared, not knowing what exactly we should expect in this place called Quincy High. Once the year got underway, we all found ourselves more and more a part of the school as we all experienced our first fall rally, turkey day game, semi-formal, set of final exams, and a bunch of other high school "firsts" during the year. Although it wasn't immediate, we all found our place in Quincy High during our eventful freshman year.

# CLASS OF 2011

**THE SECOND TIME AROUND** we all were a little more experienced and knew what to expect during the year. However, this didn't make the year any less exciting as we yet again experienced many fun and exciting events. The football team kept the streak alive as they beat North Quincy for the 8th straight year in the new and improved turfed Veteran's Stadium. The first annual Snowball Dance took place. The production of Grease was put on by the school's drama club. The performance was talked about citywide as one of the best performances Quincy High has ever put on. The year ended with a chaotic teacher's strike postponing all final exams for the year and allowing us to leave school for summer vacation on a very happy note.

# CLASS OF 2010

2010

**OUR JOURNEY CONTINUED** as we matured and became young adults. Construction of the New Quincy High School took way as we adjusted to all the changes happening around the school. This included the use of Coddington Hall as part of the High School. It was a good year for sports as well; with our football team beating North Quincy for the 9th time in a row; and the basketball team making it to the Sweet 16 of the state tournament where they lost to the now state champion Catholic Memorial High School. This was also the last year the Quincy High athletic teams competed in the Atlantic Coast League. We concluded the year with our first Prom and it was a night full of dancing and fun with almost our entire junior class attending the event.

## Going For The Green

The 2008-2009 season was a building year for the Quincy High School Golf Team as they transitioned into the Patriot League. With a young line up and an exceptionally competitive league, the Presidents made every effort to remain in an exceptionally competitive league, the Presidents made every effort to remain in contention. Although the 2008-2009 season left many downfalls for the Presidents, they were able to play at upwards of fourteen prestigious golf courses across the South Shore. The Quincy High School Presidents look forward to working hard in the offseason in anticipation of a successful upcoming season.

# Girls Volleyball

## A Season of Victories

The 2008 Girls Volleyball season was filled with unforgettable memories, hard-work, and fun. With only three returning seniors, the team consisted of young players, including a few freshmen. The volleyball team clinched a spot in the Division 1 MIAA tournament, with a regular season record of 9-9. The captains of the volleyball team were senior Elisa Lam and junior Olivia Berry. The season was filled with ups and downs, from bruised ribs that turned into appendititis and the pasta party with car jackings, alleged "egg throwing" and a whole lot of mustard. Rockband helped the team grow stronger, and poor Meghan was always getting beaten up by Olivia. All in all, it was an unforgettable season, that the team will always remember.

# Girls Soccer

## Hardwork, Teamwork, and Dedication

After entering one of the hardest leagues in the state, the girls soccer team fought through the season with both heart and determination. Although wins and losses may not have reflected this, the team worked hard daily, during practice sessions and games. The girls formed a strong bond by the end of the season, by participating in team runs, pasta parties, and bus rides. Seniors surely will never forget the annual north pasta parties, as well as "Over dere", and "Go Winnie, go Winnie, go!" The team went to multiple Revolution games, and even scored the chance to walk along the field. The season ended as a success, with upcoming talent for years to come as well as the first goals scored in two years. Congratulations girls soccer, and good luck next year!

# Boys Soccer

Olé!...Olé, Olé, Olé!

The Quincy High School Boys Soccer Team had a great season this year, but unfortunately did not make it to the tournament. Most of the team was inexperienced playing at the varsity level, but the Quincy Boys Soccer Team put forth a great effort and dedication to every practice and every game, though the competition was tough.

Commitment and hard work were the tools needed to be able to win and succeed at anything. This year's departing seniors wish the team all the best luck in the seasons to come.

## "The Decade of Presidents"

The Quincy High Presidents Football had a memorable season under the leadership of new head coach Bill Reardon. The Presidents went 5-6 in the regular season, but with a record hiding their truly tremendous efforts having lost three games by one point to Cohasset, Canton, and Scituate. The Presidents ended the year on a very high note however, beating the North Quincy Red Raiders for the tenth straight time on Thanksgiving extending the streak to a "Decade of Dominance."

## Fatima al-Rekabi

Hi I am Fatima Al-Rekabi, and this is my first year in Quincy High School. I have spent my 3 years of High School in Lynn Classical High School. Thanks to my teachers and friends who were always there for me and because of their help I was successful in my school. I want to give a special thanks to my best friend Karla. I have spent a good time in Classical, and joined different clubs during the school years. I have joined the Student council, Ram Page, Ram Readers, Peer Tutoring, Key Club, History Club, and Sewing Club. I had volunteered in many different places and one of them was Lynn Community Health Center. As of my senior is being with different Class of 2009 and the students who I was expecting to graduate with from my freshman years. I am proud to be in this school and experience new people and new teachers.

## Briana Bergstrom

Thanks to all my friends. JB JC JL KC love you guys. Thanks to my family, Mom, Dad, Brooke, Brandon. Love you BM

## Nicole Bresnahan

These four years have gone by so fast. I've had so many amazing times with amazing people. It seems like just yesterday that I was a freshman coming into this huge school. Now I'm a senior thinking about colleges and the rest of my life. It's crazy. I want to thank my friends for everything. I wouldn't be here if it wasn't for you guys love you all <3 QHS CHEERLEADERS you all are crazy and that's what I'm going to miss the most! Good luck I love you!

I remember the first day of freshman year... well, not really. Time just seemed to fly by and here I am in my Senior year wondering how it all went by that fast, and how I've seem to forgotten a good deal of that time. Some of you have grown to love me, some to be rather un cool to my rather awesome person, but no matter what your general opinion of me was you must admit, we did have a grand old time. So I leave you with these final words, all life is what you make of it... so do your best and ROW ROW FIGHT THE POWAH

## Jacqueline Dougenik

My high school experience has been pretty good. I don't have much to complain about. I joined Drama Club and made life long friends. Drama has made me come out of my shell. Because I lived a sheltered childhood and went to a very small Catholic middle school, I didn't really know what to expect when I got to high school. Freshmen year I was shy and didn't really know people. Now I have a great group of friends and I'm not shy at all. My

friends have made me who I am and I'm very grateful for them all. My best memory was going on a school trip last year to New York City. It was the best time of my life. We saw 5 Broadway shows and participated in 2 workshops. The show I recommend everyone seeing is "Spring Awakening". It really opened my eyes. I remember just walking around Times Square at night. It was so beautiful. Seeing all those lights were incredible. Sarah, we have been through everything together and we are just stuck with each other. Sam, it was fate for us to be friends again. Kindergarten was the start of it all. Michelle, you made me feel accepted in Drama Club, thank you. Jackie, you're AMAZING! Amber, you just seem to get me. Bonnie is just plain AWESOME!!!!! Eric, you are my best friend. I can talk to you about everything and everything. You guys make Drama so much fun. Renee, you have helped me so much to get through this experience called high school. Carina, these two years have been a blast. Shelly....yeah. Mr. Conroy, you made drama so much more fun to go to. You're not mean and we appreciate the advice you offer us. So I just want to say thank you.

## Sarah Dougenik

High school is over and done with. We have all created so many memories together and I want to cherish every single one of them. I remember being really shy, then I joined Drama Club sophomore year and I haven't looked back since. I have so many people that I've had so many experiences with. Jackie, we have always been together, practically joined at the hip. If we go to different colleges, it really will be very hard not seeing and talking to each other every day. Amber, we've had some good times in freshman homeroom. We must've changed rooms like three times. I like how we can bond over books because not that many people actually like to read. I hope we will always be friends. Eric, you are my best friend. We may not have had the best relationship freshman year, but I think we've made up for that. You tell me everything and I tell you just as much. I want you to know that I'm always here to listen to what you have to say; no matter what. Sam, it seems like we are destined to remain friends. We have been friends for a long time and I hope we can manage to keep it that way. Michelle, you have always been the most level-headed of us all. You make sure none of us do anything we aren't supposed to and I feel like I can talk to you about anything. Shelly, 'guess what?' You are crazy Sheldine and I love you because of it. Renee, I will really miss going to the football games just to end up as a band groupie. It was a lot of fun, you playing for me and all that jazz. Jackie Gore, you are super fantastic and I feel like we will always be buddies. Rachael, english class freshman year was how we started high school and now that's how we're finishing it. You were one of the first friends I made a Quincy High and I'll never forget you. Carina, I'm so glad that we met at driver's ed. You are a fun person to hang around with and are a really good friend. It feels like I've known you for many years instead of two. I will deeply miss all the underclassmen. You really made my years at Quincy High fun. Mr. Conroy, of course I had to put you in my senior bio. I just want you to know that you have taught us all so much. You didn't treat us as kids, but as adults by expecting so much of us. You are such a nice guy, but you also know when to pull the 'strict teacher' card. I am so glad that you decided to work at Quincy High. Also, thank you for directing Noises Off our senior year! I would also like to thank my family and teachers for helping and supporting me through this thing called high school. I just want you all to know that I love you all and I am really going to miss you once we go our separate ways, just hoping that it won't really be the end of the road.

## Amanda Faiella

Memory is a way of holding onto the things you love, the things you are, and the things you never want to lose. These past four years have gone by

so fast with so many amazing memories. I wish it didn't have to end. Mom, Dad and Ashley love you guys, thanks for everything. Steve, I love you! We've been through so much together, and I couldn't have done it without you. NMW happens I'll always be here<3 LW since kindergarten girl will always,thanks for always being there. Meadows, Jims house, Cheese-Its, Sleepovers so many good times. AH CC JL TC RB MT KC DC LA AR Best Friends Always. Friday nights, My House, Monster Jam, Manning's, Wendy's, love you guys. Couldn't have made it without you girls! JW ZM JF BB LK PR EJ and the neck boys wouldn't have been as much fun as it was without you guys. Soccer girls, I'm going to miss you all and my amazing noises. 1,2,3 Quincy! In the end we may not have it all together but together we have it all. Thanks for making these past four years an unforgettable experience! Good luck and Congratulations Class of 2009! We finally did it!

Class Of 09 we finally did it; all the hard work is finally paying off. So many fun times at football and basketball. It's been real chilling with all my old and new friends I've made. Going to all the dances was fun. I had fun while it lasted and this is my GOODBYE. I want to shout out to my boys Jeff, Adams, EJ, Tim keep it real, be safe. N4L.

## Joe Flanagan

These past four years have brought each and every one of us a long way, and now it's time for life to take us even further. It will be impossible for me to forget the people who have put a smile on my face each and every day in school. Mom and Dad I couldn't thank you enough for everything you have done for me, and for putting up with me all these years! Thank you Heather and Kelsey for always being there for me through the good and bad times. Steve, you've been my best friend since 6th grade, and I will never forget the 7 years of the funniest times I've had in my life with you. Eddy J, you've been by my side through it all and our weird, yet hilarious, inside jokes will always make me laugh. Zack, I still look at freshman year and cant believe the friendship we have today, but regardless of the wedgies you know im here for you. Some of high schools greatest memories have been shared with you three, my brothers. There are so many people I wish I could write in here, but our friendships go beyond this paragraph, because no paragraph could summarize what you people and these past four years have meant to me. I couldn't think of a better group of people to represent as president, and when we meet again, it will be as if we never left. Congratualations 2009! Now lets party!

## Jessica Guaragna

"It's time to look back on the moments you'll always remember, with the people you'll never forget."
Congratualtions class of 2009!
Thank you everyone who has helped me make it this far.
To my family and all of my friends, I love you guys.

## Brendan Geaney

Hey everyone, its been a crazy four years. Can't believe how fast it went by. I just have to say thanks to my family and friends. Class of 09' we did it.

## Lillian Gomes

No regrets, just memories. To whoever says I'm a friend ILV. To whoever I know re my friends ILV more. And if your one of my bff's, I got you on 50% off at Aldo's! Thanks teachers, we have a love/hat connection. Mommy, you rock.

## Jacqueline Gore

Wow, we did it! It feels like just yesterday we were freshman and now, four years later, we are graduating! I have met some of my closest friends, and have had some of the best memories during these last four years. First off, the drama club! You guys are a huge part of my life considering the fact that the auditorium has been

our second home these last couple years. You guys are like a second family to me and I have had great times with all of you. Michelle- NHS…. candles?...AHHH! Thank you for getting me through science over the years and always giving me a basement to stay in. I absolutely love you. Sam-I don't even know where to start. Every time I see a ketchup bottle, Darth Vadar or anything dealing with an ape, I think of you. You have always been there for me and I trust you with my life. I love you to death. To my favorite set of twins, the Dougies! If anyone ever tries to call you that, say no! Only I can call you that! I love you both as individuals and I have great memories with both of you. I love you forever! Eric- When are we going to New Hampshire? Haha I have had so many funny conversations and fun adventures with you.. I love you. Renee, thank you for everything and I know I owe you a million gratitude puppies. Thanks for getting me through those classes that I would have completely failed without you! For my underclassmen, Amy thank you for having Disney fests and going to Acapulco's with me. Caitlin-I'm gonna miss our movie nights at your house (with Max), and having taco and pizza nights and watching 3D Hannah Montana concerts. Keep going because these years go by really fast and you might even miss them. Thanks to my parents, my brother, my family, Magpie and Cassie, and to everyone who has helped get me to this point, and have kept me sane throughout high school. Congratulations to the class of 2009 and good luck!

## Ariel Havey

Class of 2009 baby!! We did it!! I've had some great times, but most of all I've had some great laughs and I'm truly going to miss it. L.S. K.C. N.B. A.F. A.M. and all my cheerleading girls. I love you and I'm going to miss you like crazy!!! To my family I love you all so much!! Lastly to B.D. We've been with you through a lot but I willalways have love for you! Good luck class of 2009 and remember you only live once.

## DeAnna Hutchins

Live Laugh Love three perfect words to describe that last four years. Congrats class of 2009! We did it! Mom and Dad thanks so much for everything, wouldn't be who or where I am today without you. Dan, Steph, Ed and Marc, you're the greatest and have been there for me through it all, thank you. Alyssa, I love you; friends forever, through whatever. Kate; "143, 4 as in hate!" Alright Quincy High, it has been a good four years with you guys. I had fun in the shor time I had. I enjoyed all the activities and clubs that I have been a part of. I want to give a shout out to the track, basketball and football teams. It was fun playing for you guys. I also want to send a special one to Patricio, Jeff, and the whole crew, great times with you guys. Hopefully we stay in touch after this. On this note, I would like to say PEACE OUT QHS, and enjoy the new building.

## Rachael Kasanoff

In life, we do things. some we wish we had never done and somewe wish we could replay a million times. but they all make us who we are and in the end they shape and detail us. if we were to reverse them, we wouldnt be the person we are today. so just live, make mistakes and have wonderful memories. but never secondguess who you are, where you've been and most importantly, where your going. - seniors 09' were outta here!

## Elisa K. Lam (Lamma)

Congratulations Class of 2009! These four years have been amazing. I would like to thank my mom, dad, Leanna, and my friends (you know who you are) for being there for me. Volleyball, basketball, and softball people...I love you all! I'll never forget all the pasta parties and phantoming (grand theft auto haha) that I've been a part of. I'll always remember the great memories and friendships I made throughout high school. Good luck and thanks for everything, class of 2009.

## Andrea Leddy

It doesn't feel like we've been here the fours years that we have. It seems like freshman year was only a summer ago and so do the memories. I will remember them for a lifetime, I had amazing times with all my friends and I will never forget you. Ill miss everyone and wish you all good luck. Especially the people who make my time spent in Quincy High amazing. Thank you for everything Love you guys <3

## Jin Lem

I had a blast at Quincy High School! Robotics and Tennis FTW! I've been on both teams for all 4 years. I would like to say, For anyone that is playing "The Game" The floor is now hot lava!

## Corey Loza

"I don't know the key to success but the key to failure is giving up", a famous quote by the infamous Bill Crosby. Wow I made it this far and I'm still going on from here. High School has completely transformed me from a child to an adult. High school has had its good and bad times for me, but I always manage to pull through. Congrats to the class of 2009. We did it! Thanks for always standing with me on my path to success; Mom, Sheiley, Jillian, Elizabeth, Darlene, Thia, Tamea, Gerald, Keenan, Brittany, Monique, Charlene Ariana, Diana, and Cynthia. Thank you all for all that you have done and still do. I graduated with my class of 2009!

## Bonnie Madeiros

How many of you will Skip To The End and read the last line before this little paragraph? If you know me at all, then you know that anything I write down in this box -- this small little square we all attempt to convey our feelings of high school in -- you know that it's not enough space. I could write for aeons into the abyss of black holes about each of you, my experiences, and everything that's happened. It's not enough space to remember all those little memories, No where enough to fit the vastly important memories, and this due date is much too soon to even write down the possibly more brilliant ones to come. So here's my plan that is Sheer Elegance In It's Simplicity: I'll look back to these moments in times that are not so great, and remember the past four years, because if anything, high school has given me times to remember.

Especially on days when scaring small children no longer bring me happiness. Good luck to you all -- because the way things are going so far? -- we're going to need it. Oh, and also: You've Got Red On You.

## Jonee Manipon

First of all, I want to say thanks to all my teachers and for those people who helped me throughout out my high school years. Also to my tennis coaches; Mr. Swanson, Ms. Matthews, Franchesca, Mrs. B =) who influenced me in many ways. I learned a lot from them. I also want to thanks my family; mama, papa, xtina and Angie for always being there for me. I appreciate it so much. I would also like to say thank you to all my friends and my BEST FRIENDs. Every time I look at the "stripes picture" I always remember all the memories we had and everything =). I remember when Annie was being a bully to me. I would never ever forget my Thai tea every single weekend courtesy of Trang Vo. Ohhh man you're the best. I would never forget how Mimi would call me "poodle" every single day and how I love bullying Jessica and Anna's bulbasaur. I love you guys!!! A.T, T.VO, V.P, M.V, A.T, J.N. You guys ROCK my LIFE.

## Arica Maskell

The four years went by extremely quick. I'm not sure I could do without Mary & Christine and all my other friends who have been there for me. I want to say thanks to the teachers who helped me & shaped me into a better, smarter person and thanks to my family who helped me the most. Good luck to everyone, it's been fun, but finally it's time to go.

## Steve McDonough

What's up my names Steve McDonough or as many people know me as Steve Mac, or Clicka haha. I'm 18 years young and on my last year of high school. It's been a long strange trip but wouldn't have changed it for the world. I'd like to thank my mom and dad for everything if it weren't for you guys I'd honestly be no where I love you guys. To Rob and Kris you've been there for me through every step of the way and I appreciate that more than you'll ever know. I also want to say thanks to all my friends. We've been through the most ridiculous nights that turned into stories that are going to make my kids think we're legends. I couldn't have pictured being raised anywhere else but the Neck you guys are my friends to the end without a doubt. Baby, Baby u seen me through it all and its going to be funny to talk about later on. Although we didn't say this before, I loved being at Quincy High it was the best 4 years of my life and it feels like its ending too quick. I never expected to be writing this right now. I'd like to end this essay with one last shout out t everyone and everyone knows exactly who they are its been real and its been fun.....stay classy

## Bryce McNally

Congratulations class of 2009, we did it! These past 4 years have been awesome and I couldn't have asked for a better class to go through them with. To all my friends, ukwur thanks for always being there for me and I'll never forget all our good times together. Mom, Dad and Timothy thank you for always believing in me, I love you guys. To all my volleyball girls, I'll never forget you all and I couldn't have asked for a better team to throw cookies at. See you around Quincy High.

*Volleyball – 9, 10, 11, 12*
*Lacrosse- 11, 12*

## Amy Meloski

"These are the moments I'll remember all my life, I've got all I've waited for and I could not ask for more." These past four years seemed to just fly by. I wouldn't change it for anything, but I wouldn't have made it without my best, sd.mo.nb.ah. Thanks to my family, Mom, Dad, and Lisa especially for always being there, you're my sister and my best friend. And the clothing

najor girls love you and all our alks. Keep up the good work on the Shows! I've had some of the best times in high school with some of the best people, 'll miss it but there will be nore to come! Congrats to eniors 09, we finally did it!

## Alyssa Mullen

I've heard everyone complain about how much they hate Quincy High, how gross it s, how there are rats in the caf, nd how its crowded EVERYWHERE, but I'm not going o lie, I absolutely love every ilthy corner of that school! From the first day of freshman year to the beginning of enior year, I have never had nore fun in my life. Class of 009, you guys are the best! t's been a pleasure presenting he morning announcements o you! Every one of you have nade these past four years he most fun I've had in my ife. From power outages to athroom fires, we've been hrough it all and have come ut with some pretty unforgetable memories. Broadcasting the best class ever. So many unny times! WIPE! haha, you guys are the best! To the Track nd XC team I love you guys! o glad I joined. Never had o much fun playing a sport n my life, and as much as we complained, I know we all oved every single hospital hill ve got to run together! NICE EGS! lol. And to every single person I've had an inside joke with (there are a lot of you!) I hope right now you think back on that joke and laugh! Thanks mom and dad for all the help with everything, and thanks Sean for doing my math homework. Couldn't of graduated with out you (just kidding all my math teachers!) Thanks to all my teachers and coaches for all the help and support. But mostly, thank you class of 2009 for the best high school experience anyone could ask for. I love you guys! Good luck in the future!! FAREWELL 2009, Good luck exploring the infinite abyss.

## Renee Murphy

I can't believe I made it through four years of Quincy High. The crazy times during high school couldn't have happened without my best: Michelle, Carol, Ashlee, Jess, Kenny, Sam, Jackie, and Spazz-Tastic (Jenn and Courtney)! Along with many others. I will always remember period 1 as band and our talks about Frillanoid and Peppers, "burn baby burn." Our after school days are never forgettable; going to Starbucks and ending up with a group of people at my house, days of pool hopping, dolphins, football games, Hellogoodbye, me and Michelle at the Pru, Smores nights, homeroom 212 with Eric, "Sunshine", our ice cream parties, and calls at 3 AM. It all went by too fast. The memories I have from these years at Quincy High surely were some of the greatest times of my life. Finally, Senior Class of '09.

## Eric O'Brien

Thank you? What else can i say? I am going to be finishing up the last of the four best years of my life sooner then i can believe. I don't even know what to think. I remember coming in as a terrified freshman sitting in a room full of kids that i didn't know. Now, four years later I'm scared to think of what could happen next, I'm scared of starting over and not knowing anyone again, and scared of moving away from the most amazing people I've ever know. Thank you all the teachers of Quincy high who have helped me grow and develope so much. Thank you mom, thank you dad, for always trying to keep me in line. Now a bit more personal. Michelle, thank you for always being there for me threw everything. Sam, thank you for always laughing with or at me and always giving me a friend to talk too. Sarah, thank you for letting me confide in you with everything that's ever gone on in my life. Jackie G, thank you for a for always having something to make me laugh and feel better when no one else could. Jackie D, thank you for always staying true and honest to me even in the harder situations. For all other lower class friends, I love you and will miss you dearly. For everyone who will be graduate with me in June, I hope you all go far in life. We came into Quincy high being told we are the future, and now its our time to prove that we can do our part in the world! 143boo!

## John Parry

Yeah class of '09 it's finally over... Couldn't ask for anymore fun or better times than we've had. Shout out to all of my sports teams; football, basketball, baseball, couldn't be prouder to have shared the court or field with you guys the past four seasons, love all you guys. To all my boys, so many hilarious jokes and times hard to just quote one. Aldo, since third grade man. Like the brother I never had, love you dude. Mom, Dad, Nicole, Taylor, Danielle, thank you for your love and support. Well, it's been good guys and good luck to everyone of the class of '09.

## Jeffery Pereira

We did it class of 2009 … we got through the tough year and all I have to say is never forget the laughs, never forget the good times we had in QHS. The laughs we shared at the lunch table on how everyone will rash each other or playing ball after school just because we had nothing better to do. The Friday nights we got together to hit up a party and the walks in the hallway when going to class. I will miss it all and to the next year track team good luck without me … so lets graduate with our heads held up high and tackle the world strong (Shout out to my two boys Adams Jean-Baptiste and Pat Fernandes lets be friends always)

## Vivian Pham

The past 4 years has been really hectic, but we finally made it! I would never have survived without the moral support of my parents and siblings, Kim, Sammy, and Ethan. To my closest friends, thanks for the fun memories and for always managing to cheer me up whenever I had a meltdown. Last, but definitely not least, thanks to all my teachers who always look out for me and consistently inspire me to learn and grow as a person. Good luck, Class of '09!

## Chelsea Powell

High schools been a rollercoaster. So many days and nights to remember. I'll never forget my friends who've become family and stories that will never been forgotten: #1. Frosting Fights with C.C. & M.D, #2. Dancing out to a Brazilian band, #3. Laughing so hard that I can't breathe with M.O. my lafonda ur mother bff, #4. Camping with J.S. toilet papering trucks and meeting farm boys acting crazy, #5. Going on crazy car rides and hitting toll poles with A.L., #6 And never being in monotoads class. Haha S.T.&A.L. I'll miss high school but my besties lets get ready to hit up the college parties and have fun with hotter boys.

## Anthony Raddatz

Ill never forget Quincy High So much has happened the pas four years that ill remember for the rest of my life. Football has been the best experience for me, while attending Quincy High. I really don't want to move forward. If I could I would live this year for the res of my life. I thank my teachers coaches, friends, and family fo helping along the way. I want to give a shout out to the 216, and all of my boys, you know who you are. Hope everyone does well and becomes successful in some way!

## Ryan Remillard

Well, we made it. It seems like yesterday they were telling us, " live this up, it's going to be the best four years of your life." To the weekend warriors i can honestly say i gave it the best I could haha. I think we lived it up pretty damn well. Whether we were doing it big or laying low, we always made the best of the situation. Summer 08', haha... UNREAL. " MY ANKLE, I THINK IT ' S BROKEN." Crusher, faxon, mannings, joes, kevys, silver strat, meadows=life. Monster jam 08' craziness. Late nights, early mornings, hard times everything. The crew and the laidies, you know who you are

never forget you guys. Thanks for the memories. It's been real. BEEN DOIN' IT FOR YEARS KID ,YOU ?!?!?! PEACE!

*Ice Hockey 9, 10, 11, 12*

## Michelle Rizza

There are so many things I'll miss about the last four years. From now on, every time I see a pancake I'll think of Interact Club. My quarters will forevermore be happy ones! Renee, I'll never forget all the fun I had running around Boston with you for docents (lamb kabobs)! I don't know what I'm going to do without my choir kids! We can through teachers like they were going out of style, but we always pulled through! NHS… candles…AHH!!! If I ever win the lottery, I'll give a million dollars to ODW! It's been a part of me since middle school, and it has taught me so much. Oh, drama club. It was the best of times; it was the worst of times…literally! It completely took over my life and I practically lived in that auditorium, but I wouldn't have changed it for the world! Conroy, what are you going to do without us? Don't worry, after "Noises Off" you can handle anything! Sam, my VP, thanks for always being there. We've all got our junk, and my junk is you! Sarah and Jackie D., the two of you are "Funner than a bus stop"! You are both my favorite twin! There aren't many friends who can make naps in the basement fun, but, Eric, you are certainly one of them. You can visit me anytime, hun! Amber=the best sm ever! Bonnie, thank you for babysitting the props! Do you guys think the props closet ghost will follow us to college? Jackie G., I loved our cookie dough and chats. I would never have survived bio without you! To all my underclassmen, I'll miss you so much! These years go by so fast, so make the most of them. Thanks to Mom, Dad, and all the family, teachers and friends who helped me these past four years. I love you, Chip! Even as we head down our different paths, we can always remember, we sparkle and shine; we're the class of '09!

## Mark Saunders

The past four years of high school has gone by so fast, but I made it. Growing up in the QP a lot of crazy stuff went down and I am surprised now that I am graduating. Thanks to my parents for supporting me and helping through high school. "QBNC" I don't know who is going to keep the tradition alive. Shout out to the crew you know who you are. The past four years are full of memories and now it is time to move on.

## Danielle Silva

I would like to take this time to thank my family, teachers, and friends. Thank you for your patience and love.Best of luck to everyone.Remenber that the best is yet to come! Felicidades Class of 2009!

## Mary Spargo (Spargo)

It's over! Congratulations class of 2009. The past four years have been a blast. Mom and Dad thanks so much for all that you do I wouldn't have gotten here if it wasn't got for you. Swim team so much fun and memories! Basketball and Softball best bus rides never will forget! Love you guys. Friends you are the best, don't know if I would have made it this far if it wasn't for you guys. Amazing times. The ECE crew love you guys so much & CHEWY need I say more.

## Annie N. Tran

Wow, we finally did it! Congrats to the Senior Class of 2009! Thanks mom and dad for demonstrating how a true leader should act. It takes a good follower to be a good leader and the key to successful leadership today is influence, not authority. I owe it to you two. To Julie: honestly, there is no reason for me to thank you. You're the one that should be thanking ME. But I love you! To my hero who isn't physically with me day in and day out, but is constantly with me spiritually: thank you for showing me that it doesn't take effort to succeed. One can just be themselves, and make the whole world proud. I love you and miss you. Thanks to Major Zinnel, and the MA-061

Cadets. Major, through the good and bad times, laughing and crying, we faced the expected and unexpected. It has been an honor to be able to work with you as well as the cadets for the past four years. Thank you for showing me that it doesn't take a superhero to overcome obstacles. Anyone can accomplish anything. Cadets, never give up and work towards what you believe in. As a Group Commander, leader, and friend, it is a privilege to be able to work with Quincy High's finest students. Thank you for making me proud. Keep up the good work. Remember, integrity first, service before self, and excellence in all we do. To my friends who do nothing but TRY to embarrass and ruin my life everyday since I first moved to Quincy: [TV.VP.AM.MV.AT.JM.JN.DC. Thank you for giving me a reason to look forward to school everyday. I still never understood how and why we became such close friends but, hey, it happened. To my fellow Captain and the bossiest/meanest person I know: Thanks for ruining four years of my high school life that I will never be able to get back! EVER!!!! The only way one can gain leadership experience is to have a great leader to follow. Your pride and dedication for yourselves and the people around you definitely influenced me to become a better person. Do a favor, please realize that you're both truly amazing people (that can easily knock anyone out with one punch) and you're both geeks! Just had to throw that in there! Ha-ha-ha. Oh and before I forget, to my Asian Sensation / cousin / daughter / twin / sister / best friend / whatever the heck you are: when I come back and visit, nothing better happen between you and the love of your life! Ha-ha, I love you!

Four years, who knew four years could go so fast and slow at the same time? However it happened it's here, and I couldn't be happier. I don't even know what to say at this point so I guess I'll just sum it up. To my friends: thanks, congratulations, and best of luck!

## Andrew Trubiano

Four years done and gone, but it was a memorable four years. Thanks to my Mom and Dad for putting up with me all these years if it wasn't for you I couldn't have done it. Congrats to my friends I've had or gained through the years. Thanks to all my teachers for dealing with me. Sitting downstairs at lunch with Matt, Rob, Chris, Bergonzi, Ming, Greg, Leroy, and to any one who joins us down there I will always have my foot phone. Sitting in class messing around and causing some disturbance that stops class, like in 11th grade during English. Reading your songs Bergonzi only one thing comes to mind " I CAN'T UNSEE IT" your songs man are just sick most of the time. Hanging around with Chunk Norris. To the girls of the soccer team, it was an experience being your team manager for all this time, and not some thing I will forget easily, not even after I fell down that hill. To all the guys in the welding shop eating at the cookouts we had were some of the best times. Havin fun at the St. Joseph Youth group on those Saturdays, just causing mayhem every time. To all those who went to Point or lives in the Point I give a major shout out, and for those who don't live in Quincy Poin I give you a small shout out. Congrats class of 2009 we did it, it wasn't an easy four years but its over now.

What's up to all my friends. It's been a great 4 years and I'm going to miss everyone. Good luck to everyone in college or what ever they are doing. Hockey 1234, it's been great playing with you guys. Good luck next year. Lacrosse 124. It's been great playing with you guys. Good luck next year. Golf 234. We were not good but it was fun anyways. Thanks to all my family for helping me get through 4 years. Mom and Dad thanks for always helping me when I needed it. Joseph and Julie thanks for helping me too. Joseph, thanks for helping out in hockey when you could, it was a big help. Seniors 09 Good luck to everyone in life after high school. Going to miss all you guys!!

## Nicole Viera

First, I would like to thank the staff at the QTMP. If it weren't for this program, I never would have finished school. Second, I would like to thank my son. He is my inspiration, my motivation, and my best friend. Last, but not least, thanks to my family for pushing me those last few steps to reach my goals. Especially my mother who believed in me when I didn't even believe in myself. To all of the girls at the QTMP: I love you all and good luck with whatever your future brings.

## Michelle Wallace

Wow we made it! Seriously, I didn't think half of us would last but we did. I figured the four years here would go by pretty quick but I didn't know it was going to go by that fast. I've met so many amazing people and have had so many awesome times that I will never forget. But my best who have been there forever & helped me out through so much, will always be RM CD & JK "you are my sunshine" ha-ha Congrats Class of 09!

## Jillian (Jill) Willy

We finally made it!!! I remember when we walked through the double doors, freshman year, we were so scared!! We had no clue what was in store for us. As we moved along, so didn't our friendships and memories. I know I have had the best and craziest times with my friends!! The friends I love the most are Corey Loza, Porsha, Babbin, Jess Wallace, Jen Lam, Vanessa and Amanda Starr. I couldn't have made it without them! Thanks so much guys, you were reliable, trustworthy and great friends. The friends I have made have not only changed me but made me stronger as a person. I've learned so much from Corey, we have been through tough times but were still BFF'S. Porsha is just a goofy but reliable person that's why I love her. Jess and Jen are crazy but they know how to make an awkward moment better. Finally, Vanessa and Amanda are great at giving advice, I don't know how I would've survived without all of them. Every Friday, we had Youth Group. We played games, ate pizza, and had special messages. It helped me because I believed in God and I always thought about my mom!! <3R.I.P. Lesa Willey(Best Mom) NEVER Will Be Forgotten<3 Also I want to give thanks to my dad, I wouldn't be here in this world if it wasn't for him!!! I love you all

## Samantha Wiltshire

Wow, it's crazy how fast these past four years have gone by. It seems like just yesterday we were just freshman and graduation seemed like a million years away. Now it's finally here, Class of 2009 and the list of memories are endless. First off drama club. I have had some of the best times of my life in the auditorium, (and some of the worst as well). You are all like a quirky family to me. Michelle we've all got our junk and my junk is you. We've been through a lot together, all the days after rehearsal venting to each other at the galleria,(chards of glass). Keeping each other sane at drama. Thanks for always keeping me on track. Jackie! – First inside joke was Darth Vadar and its been crazy ever since. Thank you for always giving me a shoulder to cry on. Dougies- since kindergarten, I love you both so much. Eric-Oh man, we have had a very interesting friendship. Ups and downs, freshman year…but we always come back together. I love you to death. Carina- Thank you for always helping me out when I needed it. I can't name all the good times we've had together. Driving around in your car is always fun. I'm so glad you came to Quincy high. I love you so much. Renee- I love our conversations with each other, they always cheer me up. Thank you for helping me pass math junior year. Marykate and Brendan- love you both so much. And for my underclassmen, Amy- you're like a sister to me, it's great living in the same building. And living the same life, you've never let me down and I thank you for that. Caitlin- I just love you so much and Max! Fun times at your house, you crack me up. I'd also like to thank my parents, my brother for always pushing me to do better in school, and my sister. Also, Brianna and Stephen for keeping me going. And Abby. Congratulations everybody for making it here, and good luck in the future

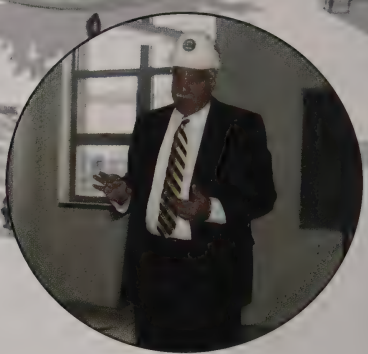
# The New Quincy High



Talk of the New Quincy High school being built has been going on for what seems like forever. However, in 2008, this talk finally became reality, with the construction of the new school going under way. In June, the wrecking balls starting flying as the Gilbane construction company began to tear down the administration offices attached to the back of the original high school. The first stage of contruction was of the math, science, engineering, and technology building. The timeline laid out for this project was followed successfully, with students beginning to have classes in the STEM building in mid February.

> "Better late than never..."
> >>Anonymous

When a few of our own yearbook students got to take a tour of the new buiding with Mr. Santoro, only positive things could be said about the STEM building. Classroom sizes are much larger than classrooms of the old Quincy High building. There are intergrated teacher's lounges for all departments which will bring the comradery and communication among faculty to a new level. Also, all rooms will have smartboard technology, and wireless internet access to increase the productivity and efficiency of classroom learning. With all of these new and improved features, the new Quincy High School seems to have a very promising future.

1. Master Plans
During the tour we found an open copy of the entire layout for the new school.

2. Open Bathrooms
A little smaller in size and with cameras at every entrance, smoking will not exist in the bathrooms of the new school.

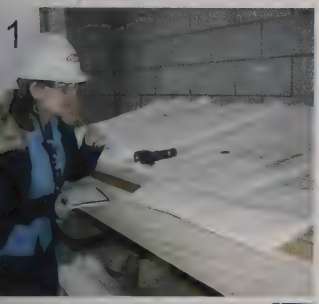
3. The New Labs
Standing outside of Mr. Long and Mr. Chin's future rooms, we get to see all the new features of the labs for the new school.

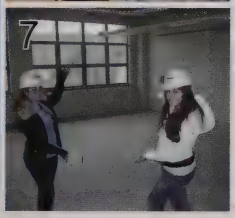
4. The Working Man
Two construction workers take a minute from their work in a new classroom to pose for our photographers.

5. The Stairwells
Walking down the set of stairs we see that the Math, Science, and Technology building will have four floors.

6. The Greenhouse
Connected to the fourth floor of the building will be the new greenhouse for science labs.

7. Classrooms
As you can see in the picure, almost every classroom in the new building doubles the size of the classrooms we have now.





## Lecture Hall

The math, science and technology building will hold a 150-seat lecture hall. This auditorium-style seated hall will serve for various purposes including guest speeches, class gatherings, and presentations. The beautiful lecture hall will be a great addition to the new school.

"It's gorgeous and I love it!"
- Anca Maskell

# CAREER & TECHNOLOGY EDUCATION

The Center for Technical Education has always been a trademark of Quincy High. It offers a variety of unique courses beneficial to every student's success in the future. The courses consist of Business Technology, Electrical, Plumbing, Carpentry, Visual & Graphic Design, Health and Human Services, Broadcasting, Culinary Arts, Transportation Technology, Welding, Engineering, and Information Technology.

# CAREER TECH STUDENT OF THE YEAR

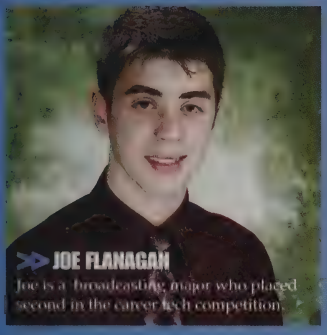
Jin Lem, the son of Judy and Henry Lem, is an outstanding Information Technology student from Quincy High School.

Jin is a straight A student, with a 99% average in Information Technology. He is a member of the IT Advisory Board, the National Honor Society, and the Science National Honor Society. In addition to being the Teacher Assistant for Information Technology 1, where Jin works alongside his teacher preparing class activities, Jin is invaluable to the QHS Science Department, where he troubleshoots computers.

During his junior year, Jin interned at the Quincy Rehab and Nursing Center, where he instructed senior citizens on computer activities. Because of his commitment and professionalism, he was offered an internship this year at Quincy Medial Center, where he acts as Information Support Technician.

Jin is a four-year member of the Quincy Public School Robotics Team where he works with Proctor Gamble and Gillette engineers and mentors other students, while performing his task as the head electrical crew member.

In the words of his Information Technology teacher, Ed Holmes, "I often must remind myself that Jin is a student and not a professional IT colleague. If I teach for 50 more years, I don't know how I could ever recommend anyone more highly than I recommend Jin."



**>> JOE FLANAGAN**
Joe is a broadcasting major who placed second in the career tech competition.

Quincy and North Quincy High Combined

This year has been one of the best years so far. Not only as a team, but also as individuals. As individuals, we have worked together to break records and have a great season together. This year has also been a great one for the seniors. They broke records on the board as well as qualifying for sectionals. Great Job!

**Calculus gets competitive**

The Continental Math League has been providing fun competitions in mathematics and computer science since 1980. The annual Calculus contest includes thirty-two questions divided into four rounds. These questions offer students a great opportunity to test their knowledge of Calculus and practice for the College Board Advanced Placement examination.

"Team competition provides students with a great way to hone their learning," Coach Ryan said. "The members work together to make sure everyone on the team is a strong competitor. The contests are challenging, but these students have the confidence and skills to conquer them."

This year Quincy High School's Calculus team is stronger than ever because five students are taking second semester college calculus after school at Harvard College. The Lowell Fellowship Program enables qualified high school students to take . "These are very strong students who have managed to advance beyond our regular school program," Coach Ryan said, "We're very proud of Ziheng Huang, Wuxi He, Siyuan Peng, Chengwei Yang and Hua Ming Le."

# Academic Decathlon & Math Club

On November 22nd at Ashland High School, Quincy High School was among the forty schools that participated in the Massachusetts combined large-and-small-school regional scrimmage in preparation for the 2009 United States Academic Decathlon.

Local, regional and state competitions can lead to the national finals which this academic year will take place in Memphis, Tennessee in April.

"Our team showed improvement again this year," Coach Evelyn Ryan said. "We finished in 13th place, and the team totals were very close. If we had answered just three more questions right, we would have made it to States"

"On our team this year, the Coach's gold medal goes to Xiao Ting Zheng, our undisputed Most Valuable Player," Ryan said. "She took a leadership role in organizing summer study, helping the whole team stay on task and learning the information. The entire team did their best and I am very proud of them."

Problems may be taken from teacher's handbooks, online sources, and summer mathematics camping tools. The Math Club, with President You Wu, participates in The New England Mathematics League Standardized Tests every month. The winners receive school recognition and the school team is recognized in a monthly summary sent to all the participating schools in the state.

The Quincy High School Band plays at all the home football games, city parades, and performs winter and spring concerts, in additon to numerous city functions. The band also peforms at the annual Thanksgiving Day Rally.

SNHS is a scientific organization promoting a new group of young thinkers who will be the future of industry, research, and scientific exploration. SNHS members will help to run tomorrow's high tech world. This year, our first year at Quincy High, we have organized how the society will operate and established a constitution for our chapter. We have been working to implement an ink cartridge recycling program, to help the environment while raising some funds for our chapter. We will be hosting a banquet in our new Science and Technology building to celebrate the high scientific achievments of our members."

The Badminton Tournament was one of the most exciting tournaments that we ever played in school. The competitiveness of the tournament began on the first two weeks of December. Many students and teachers joined the tournament and had a lot of fun. A certain number of teachers such as the Science department entered. There was music and drinks for everyone. Everyone was in their gaming mood and was all ready to comete. Some of the students had the chance to play against their teachers for many times they get homework. For my personal experience, badminton isn't considered as one of the main sports in China and Vietna. As for here, badminton isn't considered as one of the main sports and it is usually rare. I appreciate that there is a badminton tournament like this to give me a chance to play badminton again. Everyone that entered into the game had a fantastic time and new skills were built according to their game.

What defines a team? Leadership, unity, effort, time, dedication, friendship and mentors are what make our team unstoppable. These traits are what any FIRST team would be priviledged to emulate. Allowing yourself to put aside your differences to work together in the name of science and technology is just the beginning. We know that when we put aside our differences anything is possible. Being two rival schools on the sports field makes for some apprehension when freshman join our team, but with constant reassurance and leadership we are a unified team in no time. For six weeks we come together as a team to build a robot, but when all is said and done we have grown so close that we come togetheras a family. If it was not for our teachers, engineers, alumni and students our team would be non existent.

The purpose of this club is to show the true essence of hip hop through dance. We adopt true hip hop/funk, from the traditional beats of Africa Bambaataa to Zulema to the old school, new school of Nas, Kanye West,Superman Ivy, etc. We offer the true style of what MCing, DJing, breakdancing, house dancing and popping really are. We teach the basics and educate others physically as well as mentally by showing leadership through dance and teamwork.

Styles of Dance

House - African traditional dance mixed with hip hop style.

Pop'n Lockin' - A specific style of dance that involves flexing of the muscles.

Breakin' - Street dance that involves hip hop movement.

# Quincy Gets Cultured

One of the last events in the East Campus gym was the always exciting event, the Cultural Fair! Booths that represented more than twenty countries were spread out on the floor of the gym while students flooded the doors to be the first in line to taste the food, play the games, and listen to music of the different countries that Quincy High School students represent. With the help of Miss Hallett and other staff members, the student body was able to successfully celebrate our differences just as the students at Quincy High School have been doing for more then a decade.

## "Presidents on Ice"

The Quincy High President's Hockey season was a good one but ended just a little to short. The Presidents came within one point of the tournament going into the final game, but lost to eventual Super 8 team Winchester. They ended the season with a 7-8-3 record, finishing in fourth place in the Patriot League. Season Highlights: 4-3 Win against North Quincy in the Patrick Toland White Memorial Game, and the late season push for the tournament including an upset win against Whitman Hanson and a last minute win against Hanover.

## Can you feel the love?

On any given day during the season, one could walk down to the tennis courts and see blue and white flags proudly waving in the air, with cookies and drinks set on the table as the team warms up for their next match. Whether it's brutally freezing cold or blazing hot outside these students would rather spend their time afterschool working up a serve for the next match. What sets these students apart is their determination in academics. This attitude also shows everytime they step on the court. "Tennis is much more than mere athletic ability. It's about hardwork, tenacity, and mindset to play every point," says Coach Swanson.

# Boys Basketball

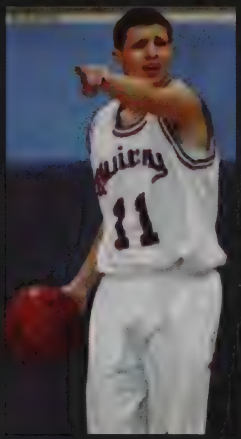
## "A Season of Firsts and Lasts"

The Quincy High Presidents Basketball team played its first season in the Patriot League (Keenan Division) under their new head coach Dave Parry. Although the team ended the season with a 7-13 record, the team took the city championship with two wins out of three games versus the North Quincy Red Raiders.

In the first game, Doug Scott had a historical night dropping 53 points on the raider's defense and also tallying 10 assists. Aside from Doug Scott's scoring display, the Presidents on the whole played shut down defense the second half of play, holding North Quincy to only 6 points in the third quarter. The Presidents went on to beat the raiders 81-68.

After dropping the second game to the Raiders, the Presidents came out for the third game with new energy. With almost all the starters and some reserves scoring at least in double figures, it was a real team effort that put the Presidents out on top. Kevin Mcdonough had 22 points in the team's victory and was named one of the Vincent Moscedelli all-stars.

This was also the last season that the Presidents would be playing in the Quincy High Vocational Tech Gym. In the last game to ever be played in the gym, seniors Anthony Raddatz and John Parry lead the way, (Anthony scoring 18 points and 15 rebounds, John with seven three's for 21 points) helping their team upset a very good Whitman - Hanson team on senior night.



Doug Scott definitely left his mark this season by shattering just about every record in the book. First he broke the all time Quincy High School scoring record, then a game later, broke the single game scoring record by dropping 53 in a game. In a late season match-up against Scituate High School, Doug beat the last possible record he had to break when he surpassed Sarah Stanton as the all time leading scoring (Boys and Girls) for both Quincy and North Quincy High School.

## REMEMBER WHEN ...

Life was good and you got to sit around all day and do aboslutely nothing? You got by on cheerios, juice boxes and watching Barney all day, and occasionally your mom or dad would take you to the park and it would be the best thing ever. Yeah, we all know we had it good as babies and here are some pictures of ourselves to remember those great days we had in the past...

LIONEL BART'S

# OLIVER!

## THE MUSICAL

Oliver Twist is a young boy who lives in a workhouse with other orphaned boys. When Oliver disrupts a meal by asking for more, he is sold to a local undertaker and his family. They treat Oliver horribly and make him sleep under the coffins. Oliver escapes and runs off to Paddington Green, where he quickly befriends another young boy, the Artful Dodger. Dodger takes him to his home, an academy for orphans who learn how to be pick-pockets run by a kind, yet slightly sinister, old gentleman named Fagin. Oliver is also introduced to Nancy Sikes, a lovable young woman, and Bet, Nancy's best friend. When Oliver goes on his first pick-pocketing job, he is caught by the police. The man that Oliver thieved, Mr. Brownlow, learns of Oliver's sad past and brings him into his own home. Meanwhile, Nancy's husband worries that Oliver will tell Mr. Brownlow and the police where the thieves live. He forces Nancy and Bet to snatch Oliver from Mr. Brownlow's house and take him back to Fagin's. Nancy does everything her husband tells her to but plans on secretly taking Oliver back to Mr. Brownlow. Before she can do so, Bill finds out of his wife's plans, and murders her. He then goes after Oliver, but is shot and killed. Oliver and Mr. Brownlow, who turns out to be Oliver's grandfather, return safely home.

## Baseball and Softball Summary!!

The Quincy High School baseball team finished the season with a respectable record of 6-13. Although the team did not make the tournament, the team finished the season with winning two out of the last three games and beating North Quincy by a score of 4-2.

C

B

The team was led by senior captains Andrew Papile and Sean Gray and Junior captain Kevin Keith. The Quincy High School Girl's Softball team also had a great season making it to the State Tournament for the second year in a row.

The Quincy High School Girl's Softball team had a great season. The girls varsity team will be advancing to the tournament with the leadership of captains Elisa Lam and Olivia Berry. The season has come with many tough losses, but the team's character & pride outshine the season record of 10-10.

# Girls Lacrosse

## A season to remember

The current season for the girls lacrosse team has been filled with achievement. The girls celebrated a win against rival North Quincy, and are on the verge of making tournament for the first time in Quincy High history. They have worked extremely hard to win a majority of thier games, despite their being in a challenging league this season. The six seniors wish the best of luck to players next year!

# Boys Lacrosse

## Hard Played Season

The 2009 boys lacrosse team entered into a challenging league this season. Under the leadership of captains James Finn, Zack McCaul, and John Sullivan, the team has withheld a good record within a hard league. Each player has contributed to the team in individual ways. The team will miss the many seniors next season, but will pass the motivation onto the Juniors for more victories.

# Boys Volleyball

## Tourney Time

After the team washed thier hands of 12 seniors last year, two that went to play collegiate, this was considered a "rebuilding year." Despite a lack in height QHS Mens Volleyball overcame great difficulties and made it into the tournament. Through teamwork, hardwork, and scrapyness, volleyball exceded not only the schools but the state's expectations.

# SENIOR PROM 2009

It was another successful prom put on by the senior class. With the help of the Quincy Marriott and music from Quincy High alum, Jared Tucker, the prom was a night that the graduates will never forget. Girls showed off their bright colored dresses while the boys got a kick out of seeing each other in formal wear. It wasn't long before the class of 2009 hit the dance floor while pumping beats of the latest music filled the room. The lights were off and everyone had their dancing shoes on! The ice cream bar was a perfect relief for the exhausted senior Before we knew it the last song of the night set the mood for everyone to ha one last slow dance with their dates before leaving. As the graduating clas made their way out of the ballroom, they left with amazing memories.

## *The Class of 2009 says good-bye to high school*

Today marks the day that we thought would never come. The day that we have envisioned for 18 years now materialized right before our very eyes. These caps and gowns seem like mere costumes for a day that should be coming much later. Four years ago we all came together to start a very special chapter of our lives, and today is when we turn the pages past Quincy High and begin a whole new story.

I look around at all the faces in this crowd and I see flashbacks of the past. Flashing back four, seven, and even twelve years of history with each and every one of you. Each face invoking a memory of laughter, tears, and even some memories that we'd rather keep to ourselves. I have witnessed great things from this fine group of individuals. Each person filling one of these seats tonight has added something special to Quincy High, contributing to team victories, group success, and many special awards. I hope that each and everyone of you move on from today ready to follow your dreams , chase success, and most importantly captures happiness. Even on your most doubtful days, remember that if you follow what truly makes you happy, then everything will be all right.

To all my peers, my friends, my brothers and sisters, don't fret over saying goodbye but celebrate the fact that you had the chance to say hello. Having the chance to have met you people within these past four years has reserved a very cherished place in my heart. As the rubble of the past is still being swept away, the bonds and memories shared between us stand strong against the wind. Some of the friendships that have been formed within Quincy's walls will last a lifetime, while others will become a shining glimmer of the past. No matter how far away life may lead you, never forget where it all began, where it all happened, and where home truly remains. – *Joe Flanagan*

# Anthoney Wilkerson

## "It's true, God only takes the best."

Anthoney Terrell Wilkerson came into this world in August of 1992. A junior at Quincy High School, Anthoney was a fantastic asset to the QHS Air Force JROTC program. A tragic accident may have taken the life of this cadet, but will never take away his dedication, motivation or pride for his city, school, and community. Anthoney was a shining star at Quincy High School and will be greatly missed.

"Anthoney, I'll always think about you. I love you and miss you. Love, Major Zinell"

Here it is again, the end of the year, but it is just the beginning. This year was one to remember. Despite everything we've been through, the new school, new policies, and just about anything else that can be thought of, we finally made it. The class of 2009 had graduation on their mind since September. The junior class is finally happy to become seniors, the sophomore and freshman class were just happy to get through another year. When we all walk through these doors, some of us for good, we can remember some things about QHS. It's more than where we learned facts and figures and how to sit through 90 minute classes; it's where we learned the value of friendship loyalty and love. On the last day of school when we walk away along with our beloved retiring teachers and leave the school in the hands of the upcoming graduating class, remember that we had so many important things…that will stay with us for years to come.

Good Bye Quincy High School
You will be missed!

Quincy High has an honored and treasured history that exemplifies our pursuit of excellence. Displayed in our lobby is a plaster cast of the art sculpture, "The Appeal to the Great Spirit". The statue, better known to alumni as "The Pony" represents a link to our past and guide for our future as we commit to being the best we can be. Our theme for our school year was "Building On The Tradition Of Excellence". The "Pony" stands for the core concepts of respect, courage, loyalty, graciousness, reliability, tolerance, honesty and determination. These are the foundations of our high school that are enhanced by our theme. The class of 2009 has met this challenge. You have represented yourselves to meet the ideals the Pony represents as you continued our "tradition of excellence".

Good Luck,

Frank Santoro

Dear Seniors,

" Your responsibility to this world is to shine. To be the best you can be. " - Nelson Mandela

You have come so far, yet this is only the beginning. I hope that you are all able to tap into your true potential because I guarantee that you are capable of more than you realize. The world needs you to believe in yourself, even when it feels like nobody else does. Trust me, all of us here at Quincy High have seen what you can do and we believe in you. We're counting on you to make the difference.

No pressure.

Congratulations!

Sincerely,

Ellen Murray
